

Data Matters

E-Bulletin No.3 – Conference Special

Welcome to the third PRIMIS+ electronic bulletin. This particular edition has been designed to inform you about the 2009 PRIMIS+ Conference.

The e-bulletin replaces the previous IM&T DES Update which ended after the completion of the Information Management and Technology Directed Enhanced Service (IM&T DES) on 31 March 2009.

Book now for the PRIMIS+ Annual Conference

The PRIMIS+ Annual Conference entitled '**From Source to Resource: Ensuring quality in producing, using and sharing healthcare data**', is to take place at the Albert Hall, Nottingham, on 30 September and 1 October 2009.

The theme of the two-day event is "end to end quality", covering three main areas: producing quality data, using the information produced effectively and sharing it appropriately.

Delegate fees for the event are set at £160 per day or £285 for both days. To register for the conference, please [click here](#).

** PRIMIS+ reserves the right to make changes to speakers and the programme without prior notice.

Lunchtime Sessions

As well as an informative conference programme, PRIMIS+ is to put on a number of activities during breaks in the programme.

An exhibition, attended by a range of NHS organisations, clinical system suppliers and health informatics companies, will be held during breaks throughout the two-day event.

Two demonstration rooms will be available, showcasing the new PRIMIS+ curriculum and online delivery tools that will be launched at the conference.

Lunch breaks on each day will feature coffee networks. Held for the first time at this year's event, the sessions have been set-up to mirror learning networks, which have proved popular since their inception last year.

Coffee networks will provide delegates with the opportunity to share knowledge and experience. Topics of discussion will include: creating and maintaining records, sharing records, transferring records, and records and the wider healthcare team.

More Information and how to book
